

**Seoul Climate Reality Leadership Training Agenda  
August 19 and 20, 2023  
Goyang City, South Korea**

**Daily Agendas**

**SATURDAY, AUGUST 19**..... 2  
**SUNDAY, AUGUST 20**..... 6

*\*Please note that some mainstage sessions will have panelists speaking in both English and Korean, with simultaneous interpretation offered for attendees. Be sure to pick up a headset in the Hall 6 Foyer to listen to the interpretation.*

## SATURDAY, AUGUST 19

**8:00–9:30**

### Registration and Check-In

**9:00**

### Hall 6 Doors Open

*The sessions in Hall 6 will have simultaneous interpretation into English available.*

**9:30–9:55** (Korean)

### Opening Remarks

**Host: CHOI Yoonie**, Partnership and Convening Specialist, UNICEF; Global Shaper

*Today's host will welcome attendees to Climate Reality's first-ever raining in South Korea. She will offer an overview of the training objectives and upcoming agenda for the day and then facilitate an icebreaker.*

**9:55–10:10** (English)

### Introduction to The Climate Reality Project

**Phyllis CUTTINO**, President and CEO, The Climate Reality Project

*Climate Reality President and CEO, Phyllis Cuttino, will present an organizational overview, introduce the Climate Reality Leadership community, and preview the organization's four new global campaigns.*

**10:10–10:30** (Bilingual)

### Opportunities for Climate Leadership in South Korea and Beyond

**Al GORE**, Founder and Chairman, The Climate Reality Project

**BAN Ki-moon**, Chairman, The Ban Ki-Moon Foundation for a Better Future; 8<sup>th</sup> Secretary General, The United Nations

*Former US Vice President Al Gore and former UN Secretary-General Ban Ki-Moon will come together in conversation to discuss South Korea's role in global climate action and various ways to demonstrate leadership through policy, business, and civic engagement.*

**10:30–12:30** (English)

### Presenting the Climate Crisis: Science, Impacts, and Solutions by US Vice President Al Gore

**Al GORE**, Founder and Chairman, The Climate Reality Project

*Former US Vice President Al Gore will welcome attendees and deliver his signature presentation on climate science, impacts, and solutions – tailored specifically to the South Korean context. The talk will offer the most recent statistics and facts on the climate crisis and highlight the emerging solutions that civil society and political actors can advocate for to make a true difference.*

**12:30-12:50**

**Small-Group Discussions**

*This is a time for attendees to discuss Mr. Gore's presentation and submit a question for the Scientist Q&A session, which will happen on Sunday.*

**12:50-13:45**

**Lunch in Hall 6B&C**

**13:45-14:45** (Bilingual)

**Moving Beyond Fossil Fuels: Government Leadership on Renewable Energy Development**

**Moderator: Jay INSLEE**, Governor, Washington State

**HAN Jeung-ae**, Member, 21<sup>st</sup> National Assembly; Co-Chair, National Assembly Forum on Climate Change; Former Minister of Environment

**KIM Dong-yeon**, Governor, Gyeonggi Province

**KIM Tae-Heum**, Governor, Chungcheongnam Province

*During this first issue panel, elected officials will engage in conversation on the impact of current Korean policies. This international panel will compare initiatives that drive a transition away from fossil fuels, effectively increase renewable energy sources, and generate green job opportunities.*

**14:45-14:55**

**Walk to Capacity-Building Sessions**

**14:55-15:55**

**Capacity-Building Sessions (select one session to attend)**

- 1) **Combating False Narratives and Greenwashing: Clear and Effective Climate Communication** (Korean)  
**Rooms 301-302**

**LEE Sera**, Communications Head, Solutions for Our Climate

*Solutions for Our Climate Communications Head Sera Lee will outline multiple strategies to effectively communicate about the climate crisis, the ability to identify false climate narratives and greenwashing, and the need to take urgent action.*

- 2) Bringing a Sustainable Mindset to Business** (*English with Simultaneous Interpretation*)  
**Hall 6B&C**  
**Jaime NACK**, President, Three Squares, Inc.

*Sustainability expert Jaime Nack will lead this interactive session on how to embed climate action into business practices. The session will begin with an overview on best practices, followed by an opportunity for small-group discussions on how to apply these skills, broken down by industry or sector.*

- 3) Engaging with Local Leadership on Climate Action** (*Korean*)  
**Rooms 303-304**  
**LEE Yujin**, Assistant Director, Institute for Green Transformation

*Assistant Director of the Institute for Green Transformation, Yujin Lee, will detail ways to collaborate with decision-makers to encourage stronger climate policy commitments, such as participation with the Green Citizen Committees. Attendees will learn how to effectively advocate for political change and communicate with elected officials.*

- 4) Emerging Values in Green Careers** (*Korean with Simultaneous Interpretation*)  
**Rooms 401-402**  
**Moderator: JEONG Wonsik**, Investment Manager, D3 Jubilee Partners; Climate Reality Leader, Trained in 2020 Global Virtual Training; Global Shaper  
**HEO Jaehyong**, CEO, Root Impact  
**KANG Jae Eun**, Communications Manager, Energy Transition Forum KOREA; Climate Reality Leader, Trained in 2021 US Virtual Training

*Panelists will highlight opportunities to pursue alternative green careers focused on climate impacts. They will offer ways to advocate for sustainable business practices intended to drive change internally. They will also highlight emerging social values in business practices, not only around environmental sustainability, but also in gender equality and socioeconomic justice.*

**15:55-16:15**

**Coffee/Tea Break in Hall 6 Foyer and walk to back to Hall 6**

**16:15–17:00** (Korean)

**Lightning Round: Highlighting Local Climate Action and Campaigns**
